Schedule

- 2:15-2:30 – lab 1 questions/demo time while everybody arrives

- 2:30 – introduce lab 2

- Work time – lab/assignment work, demos, etc.

COEN 163L

Week 3 – 5:15 section

Schedule

- 5:15-5:30 – lab 1 questions/demo time while everybody arrives

- 5:30 – introduce lab 2

- Work time – lab/assignment work, demos, etc.

COEN 163L

Lab 2 – Prototyping

Lab 2 Tasks

1. Create wireframes to prototype your tutoring/hybrid learning experience website
    a. Can be the same or different idea, design, etc. than your lab 1 submission

2. Your wireframes should include
    a. Account creation
    b. Login /registration
    c. All sorts of tutoring/hybrid learning interactions
        i.   Create 2 storyboards to display some of these user interactions
        ii. 1 **validate** the need & 1 **challenge** the need

Wireframes

Low fidelity (sketch) → Low fidelity (w/ prototyping tool) → High fidelity

Prototyping Tools

- Good for low fidelity
  - Basalmiq – https://balsamiq.com/
  - Google slides

- Good for high (and low) fidelity, interactive prototypes, collaborating
  - Justinmind – https://www.justinmind.com/free-wireframe-tool
  - Figma – https://www.figma.com/

- Any others you'd like to use/try!
  - These are just some recommendations

Submitting

- Demo

- Deliverables
    - Storyboards – submit both in 1 pdf/word document
    - Wireframes – submit all in 1 pdf/word document

- Due Monday 4/18 at midnight
